

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking on the  
Commission's Own Motion to Determine  
Whether Baseline Allowances for Residential  
Usage of Gas and Electricity Should Be Revised.

Rulemaking 01-05-047

**ADMINISTRATIVE LAW JUDGE'S RULING SHORTENING TIME**

On April 19, 2002, San Diego Gas and Electric Company (SDG&E) filed a Motion for an Order authorizing a modified climate zone plan, Petition for Modification of Decision (D.) 02-04-026, and request for expedited consideration. In D.02-04-026 the Commission approved new baseline quantities for SDG&E and other utilities. The Commission reserved for Phase 2 of the proceeding the issue of changes to climate zones. SDG&E's Motion and Petition would result in a division of its Climate Zone 1 into two zones, a coastal zone and an inland zone, ahead of the currently contemplated schedule. SDG&E requests an expedited review process and also requests that parties time for filing responses be shortened, in order to allow the Commission to act in May, 2002. Good cause being shown, I grant the request to shorten the time for parties to respond.

**IT IS RULED** that:

1. Interested parties seeking to file a response to San Diego Gas and Electric Company's April 19, 2002 motion and petition to modify Decision 02-04-026 shall file and serve their responses no later than noon on April 29, 2002.

- a. Anyone filing a response shall electronically serve their responses on those persons on the service list who have provided e-mail addresses, and by first class mail or other expeditious mode of delivery to those who have not provided e-mail addresses.
2. No reply comments will be allowed.

Dated April 23, 2002, at San Francisco, California.
